Moving Forward with Alzheimer's and Dementia Series

Dementia Care: The Right Care at the Right Time

February 16, 2012 (Thursday)

11:00 AM Pacific / 12:00 PM Mountain / 1:00 PM Central / 2:00 PM Eastern

Alzheimer's and dementia awareness has made great strides in the past 10 years. The American Society on Aging, Senior Helpers, and the Alzheimer's Foundation of America have partnered to present a three-part webinar series, bringing you relevant and meaningful resources, techniques, and ideas you can immediately implement with people who are living with Alzheimer's and dementia.

Sessions will be presented by Teepa Snow, MS, OTR/L, FAOTA. Teepa is an occupational therapist with 31 years of experience working as a dementia care and dementia education specialist.

Dementia Care: The Right Care at the Right Time

This session is designed to help family and professional care partners match their helping behaviors to the remaining abilities and interests of individual with dementia at various progression points. The Senior Gems™ are used to describe people at various stages of dementia as having positive characteristics and great value. This session will describe visual, verbal, and physical assist cues that help care partners make use of remaining abilities while recognizing what is missing. Common bad habits will be reviewed and alternative options will be shared.
